RE: Case No. 2004-00292

Dear Ms. O'Donnell:

The Martin County Water District respectfully requests an extension of the deadline to submit all requested items in the above referenced case. Due to the massive amount of materials required and the involvement of other agencies such as Big Sandy Area Development and Tetra Tech, Inc., the task of compiling all documentation in the required time frame has been unsuccessful. To date the District has completed approximately seventy-five per cent of the requested items. We therefore request a two-week extension until October 22, 2004 to assure proper responses to all questions.

Your kind consideration to this matter is deeply appreciated.

Sincerely;

A handwritten signature in black ink, appearing to read "Greg Scott".

Greg Scott  
Chairman, Martin County Water District
